## 5 NOTES

This form should only be completed if you would like to convert your existing Capped Drawdown arrangement to a Flexi-access Drawdown arrangement.

If you are already taking income from your Capped Drawdown arrangement this will continue unless you advise otherwise.

If you wish to start or change your level of income please complete the IPM Income Payment Request Form.

Converting to Flexi-access Drawdown does not mean that you have to start taking an income from your arrangement.

By converting to Flexi-access Drawdown and receiving a payment the Money Purchase Annual Allowance will be triggered (this is the maximum annual pension contribution that can be paid to all Money Purchase pension schemes for your benefit). The Money Purchase Annual Allowance is currently £4,000. If you continue with Capped Drawdown, the Money Purchase Annual Allowance does not apply and tax relievable annual contributions of up to £40,000 can be paid for your benefit (subject to normal conditions applicable to tax relievable pension contributions). Please note that if you convert to Flexi-access and your pension inputs to all Registered Money Purchase or Cash Balance Schemes exceed £4,000 in any Pension Input Period you will be personally liable to an Annual Allowance Excess Charge.

Once you have triggered the Money Purchase Annual Allowance and you are also a member of any other pension schemes under which you are an 'accruing member' then you must within 91 days of receiving the Flexi-access Drawdown pension payment, report to each scheme administrator that you have flexibly accessed your benefits and the date you did so.

An 'accruing member' is

- an active member of the scheme on that day as a result of there being arrangements for the accrual of benefits under a cash balance arrangement or hybrid arrangement or
- a relevant contribution is made under the scheme on that day
